Intec Employment Services

I'M A COMPUTER NOVICE...

GET ME OUT OF HERE!

This innovative programme provides an opportunity for Job seekers to develop IT skills, boosting their chances of employment. No IT experience necessary!

Our introductory 6 week course is designed to help beginners develop the basic IT skills they will need to succeed in the workplace environment and in daily life.

The course will take place in our bright and friendly room, equipped with the latest computers and software.

Intec Employment Services
