

Supply Chain Warehouse Operative

Welcome to the Supply Chain Warehouse Operative programme.

The Level 2 programme is designed for warehouse and logistics professionals. It is suitable for both those new to the role and those looking to take the next step in their career.

The programme focuses on developing the Learner's knowledge of Health & Safety and best practice to ensure the organisation operates safely. Learners will develop their team working skills and advance their understanding of relevant IT systems. The programme covers areas such as operating machinery, manual handling and applicable regulation and legislation.

Once completed, Learners will have gained a nationally recognised Supply Chain Warehouse Operative Apprenticeship Standard and, depending on their job role, may want to consider progression onto the Level 3, Supply Chain Practitioner, Improvement Technician or Team Leader/Supervisor programme.

ABOUT INTEC BUSINESS COLLEGES

We are a national training provider, who have worked with organisations across the UK helping them to upskill their workforce through vocational qualifications since 1982. Our mission is to enable our Learners to develop, progress and achieve.

**LEVEL
LEVEL 2**

**DURATION
12 MONTHS (+ 3 months for EPA)**

**END POINT ASSESSMENT ORGANISATION
HIGHFIELD ASSESSMENTS**

THE PROGRAMME *

The Learner will receive a 2-3 hour monthly visit from a dedicated Intec Tutor who will deliver the Standard either remotely or in the Learner's place of work. We use a blended learning approach and all sessions will be supported by our online delivery platform, Smart Assessor, where Learners can upload their work and Tutors and Managers can monitor their progress between visits.

As part of an Apprenticeship, Learners are required to spend 6 hours a week (based on 30-hour contract) engaged in off the job training. This can be achieved in a variety of ways.

PROGRAMME COVERAGE	
Knowledge	
Safe Use of Equipment and Machinery	Minimising the Effect on the Environment
Use of Warehouse Systems and Processes	Structure of the Industry
Relevant Regulation and Legislation	Effective Communication
Skills	
Working Individually and as Part of a Team	Complying with Rules, Regulations and Processes
Select, Prepare and Use Packaging Materials	Promote the Values of the Organisation
Using IT and Other Technology and Systems	Operating/Handling Equipment Safely and Efficiently
Behaviours	
Integrity, Credibility, Honesty, Positivity and Personal Drive	Ownership for Own Performance and Training
Minimising the Effect of Work Activities on the Environment	Adapt to and Embrace the Use of Relevant Technology, Systems and Equipment

*Further details of the programmes contents can be found on the factsheet or scheme of work.

MANDATORY ENTRY REQUIREMENTS

- Organisations set their own but the Learner must be able to meet the requirements of the programme through their job.
- Achieve level 1 English and maths or equivalent and have attempted the level 2 prior to sitting End Point Assessment.
- Have been a resident in the UK for 3 years or more, or a national of an EU Settlement Scheme.

END POINT ASSESSMENT

Once learning is complete, the Employer, Learner and Intec will agree if the Learner has gained the necessary knowledge, skills and behaviours to be put forward to the Assessment Gateway. This will then trigger the End Point Assessment. The assessment is graded with the Learner achieving a pass, distinction or fail.

50% WEIGHTING OBSERVATION WITH Q&A

A 75 minute observation in the workplace for the Learner to demonstrate the knowledge, skills and behaviours relative to their day-to-day duties.

50% WEIGHTING INTERVIEW WITH PORTFOLIO EVIDENCE

A 60 Minute interview, for the assessor to ask the Learner questions and demonstrate their knowledge skills and behaviours. The learner can illustrate evidence using a portfolio.

Enabling you to develop, progress and achieve.
